

# Water Program Outline Told 2-County Group

## Contract Deadline Indicated

BEAUMONT—John R. Teerink, district engineer for the southern district, state Department of Water Resources, told 60 representatives of communities and water districts in Riverside and eastern San Bernardino counties here last night that legally authorized groups should act within two years to sign water contracts with the state, to ensure obtaining firm commitments on water from the voter-approved \$1.75 billion state water project.

Teerink explained that the state contract with the giant Metropolitan Water District—calling for commitment on 1.5 million acre-feet of water—gives MWD and other qualified agencies an option to sign up for waters tentatively planned for other agencies, if the other groups have not signed contracts by Dec. 31, 1963.

BUT TEERINK cited a multiplicity of problems effectively reducing the three years leeway now to two, including the fact that only 300,000 acre-feet are expected to be available to the southern area, after MWD's big commitment is taken out.

Teerink told The Desert Sun that the 1.5 million acre-feet for MWD, including some new water for small additional areas, "about replaces what that agency may lose from the Colorado River."

TEERINK DISCUSSED two route proposals for pipelines to the pass and desert areas, both through the San Geronimo Pass. Previous studies had indicated the least expensive route might be through the Lucerne Valley with a terminus point in Little Morongo Canyon, but public agencies in the area affected requested study of two routes through the pass, terminating near Colton.

The higher elevation of the two pass routes would require substantially less power for pumping, and initially was estimated to cost \$300,000 less—\$17,848,000 compared to \$18,139,000 for the lower level. The line, utilizing 54 inch down to 42 inch pipe at the terminus, would cover approximately 42 miles from the San Bernardino tunnel to the Cabazon area.

COSTS RE-EVALUATION reduced the high level cost estimate to \$16,742,000—possibly with substantial reductions in lower level costs, but still well above high level costs.

Costs of water for this area at the terminus are estimated at approximately \$19.50 per acre foot—or slightly more than \$7 cheaper per acre foot than the low route costs because of lower power requirements. Costs of bringing the water from the terminus to the Palm Springs area and eastward would be borne—and computed—by local agencies.

## Ex-Village Officer 'Flying Preacher'

By PEYTON CANARY  
Marvin Foster, a Palm Springs police officer with a deep compassion for his fellow man, turned in his badge last Tuesday to return to a mission of spreading the story of the love of God.

Foster, a member of the police force here since last February, is a commercial pilot who looks like a tall, blond pro football player. He moved to this desert area two and a half years ago for his family's health, joined the force because of his long interest in law enforcement, and his "interest in helping people help themselves."

FOSTER'S APPROACH to keeping the public peace and security was praised by Chief Gus Kettmann, who wrote that "he performed admirably, and showed

Bryant said the flood control unit could cover other agencies in the district for water contract, if the RCFCD taxing power proves sufficient to meet the incumbrance.

## AIRPORT ECONOMY BOOST, ARGUMENT

Hitting at the fact that local "average" people would have fewer jobs available if it were not for the Palm Springs Airport, the Executive Committee for the coming \$3,000,000 Airport Bond issue yesterday launched its campaign to "sell" the issue to the local public.

"No more important question has been brought to the local public than this issue," said Mayor Frank Bogert, who added that every avenue of study has been explored to make sure that the present way is the right way of approaching the vital question.

**NEW ORLEANS**—A federal court today struck down state segregation moves and two white parents, the lone holdouts against a student boycott, slipped their daughters in the back door of an integrated school.

The court struck down one of the last legal hopes of Southern segregationists—the theory of interposition—and declared 17 state laws and five resolutions unconstitutional. Segregationist leaders said it was a "sad moment" but indicated they would ignore the ruling.

## Red China Tells Loan To Cuba

By United Press International  
Army troops in Argentina and Venezuela today crushed armed extremist attempts to topple the constitutional governments of those countries.

In Argentina, rightist diehard followers of ousted Dictator Juan D. Peron failed in a bid to topple the Arturo Frondizi regime with attacks on army garrisons in two major cities.

In Venezuela, the army tightened its grip on the capital city of Caracas to foil leftist plans to use the labor movement to foment civil strife.

**THE POLITICAL** turbulence in the two big South American nations put more than a third of the South American continent under direct or indirect military rule.

Argentina and Venezuela were the seventh and eighth nations in the hemisphere to resort to force to subdue civil strife in as many weeks.

Earlier this month, Guatemala and Nicaragua crushed internal revolts which they said were inspired or supported by Cuba, and the United States established a naval patrol off their coasts to prevent invasion.

**HAITI MOBILIZED** its army and declared martial law when students called a nationwide strike which the government described as a prelude to a Cuban-supported revolt to overthrow the government.

Honduras and Costa Rica called out their armed forces to turn back armed rebels seeking to use them as invasion bases for the attacks against Nicaragua and Guatemala.

**LAST MONTH**, the constitutional government of El Salvador was overthrown by a civilian-military junta of leftist leanings and a pronounced pro-Castro bent.

Revolutionary Cuba, meanwhile, got an unexpected economic shot in the arm today from a long-term \$80 million interest-free loan from Red China.

Peiping's announcement of the loan coincided with reports from Havana of new and violent anti-Castro outbreaks in the Cuban capital.

## General Fields Issues Result Of Medical Study

TWENTYNINE PALMS Calif.—Brigadier General Lewis J. Fields, Commanding General of Force Troops, Fleet Marine Force, Pacific and Marine Corps Base, Twentynine Palms, California has announced the completion of a detailed study regarding present dependent medical care and the local problems thereof.

The study also included the Dependents Medical Care bill as promulgated by Secretary of the Navy.

The results of the study indicate that although adequate local government facilities are not available at present, a capable Navy Medical Corps staff is available for dependent medical care.

It is also apparent from this study that in - patient care of dependents at the Thomas H. Ince Memorial Hospital - by medical officers on duty at the Marine Corps Base - would impose no greater workload on this hospital than experienced in the past.

It was determined that under the provisions of the Dependents Medical Care bill, care of military dependents by local civilian physicians could not be justified at this time.

This was particularly in view of the local acute shortage of civilian doctors for civilian medical care.

Dr. James Hunter of San Diego State, and a district administrator, Palm Springs High School has been granted full accreditation by the California Association of Secondary School Administrators, the association announced in Sacramento.

Palm Springs High School was granted a three year accreditation when the program first Merle Miller, returned to re-examine Palm Springs progress this past summer.

**THE CASSA** **NOTE** Principal Dr. Charles Webster commending the school for "excellent report of progress" submitted by the accreditation inspectors.

Steps taken for meeting the "high professional standards" of the Association included progress in school building facilities, curriculum and text-book planning, teacher guidance and review, student government and student body records, and secretarial organization.

Dr. Webster told The Desert Sun that "the progress was made possible through the work of a lot of people who work for the guidance and operation of our High School."

**THE PRINCIPAL** stressed the role of teacher personnel and teacher committees in reviewing and implementing the suggestions of 1957.

The next review, probably in specific specialty areas, is expected in 1962, rounding out the five year period of the CASSA accreditation program. Subsequent full reviews may be made every ten years.

## Kennedy Tabs Aides, Choice For Cabinet

**Administration Shaping Up for President-Elect**

By Merriman Smith  
WASHINGTON — The Kennedy administration began to show the first real signs of taking shape yesterday with the incoming President and his advisers tackling personnel and policy problems with a new sense of urgency.

President-elect Kennedy scheduled a breakfast meeting with a man expected to play an important part in foreign policy of the new administration, Rep. Chester Bowles (D-Conn.).

**ARRANGEMENTS** ALSO were completed for Kennedy to meet a week from today with President Eisenhower to discuss the change of administrations.

Kennedy, himself, said the meeting with Bowles would have no bearing on whether the Connecticut congressman is named secretary of state or to any other job. He said primarily he wanted to talk with Bowles about conditions abroad as reflected in Bowles' conversations with numerous U. S. ambassadors.

**AFTER DAYS** OF discussion within the Kennedy camp and in consultation with Democratic leaders in other parts of the country, a number of basic personnel decisions appeared near.

The President - elect said he would have something to say "one way or the other" by Wednesday on his choice of either a budget director or an interim consultant to begin working with the outgoing administration on fiscal matters.

**CABINET SELECTIONS** also seemed to be imminent. Kennedy said he expected to have announcements on one or two cabinet posts "within a few days." Selection of a secretary of state may have figured in his meeting late Monday with Dean Acheson, head of the State Department during the Truman administration.

**Fulbright Pegged As Secty. of State**

ALBANY, N. Y. — The Albany Times-Union said in a copyright dispatch yesterday it had been told by an authoritative source that Sen. J. William Fulbright (Ark.) would be named secretary of state in the new administration.

The source also said President-elect Kennedy would name Eugene R. Black, president of the World Bank, secretary of the Treasury; John J. McCloy, former U.S. high commissioner to Germany, secretary of defense.

compelling story found in the brief gospel and simple tracts.

The Air Crusade, a non-sectarian project, emphasizes the personal meanings of the Book which contains the message that "God so loved the world . . ." Later, as individuals desire, correspondence courses are available for more detailed self-help study, including the Book of Acts and St. Paul's letters to the Christians in Rome.

**INTEREST IS VERY** keen in many places. And we've noticed that in some places where the Communists had gained strength—working on the ignorance and lack of individual purpose of the villagers — the Communist interest died entirely within a year after people started studying the Gospel for themselves. When the start building their own direction they aren't interested in the attacks of the Communists," Foster explained.

He emphasized that Air Crusade, a non-profit organization, helps people reach their own conclusions about what things are important.

**FOSTER KNOWS** the Mexican areas of Air Crusade's work from personal work in the field. He worked in Mexico four years, with a background of Christian education work and social work since 1949. A commercial pilot since 1952, he flew for the Crusade in Mexico, did commercial flying and flight instruction in the desert after returning here.

"I'm a private pilot in Mexico,

though rated a commercial pilot in this country," Foster said. He explained that because of inadequate communications, most flying by light craft in Mexico, even those with full instrument panels like the new Air Crusade five passenger plane will have, is done in daytime only.

**AS DIRECTOR** of the Air Crusade work, Foster will train new pilots in the United States, do contact work in the United States, and make supervisory trips into the mission field in Mexico. Though the work was "his first love," the decision to leave the Palm Springs police department came hard.

"I have developed a real love and sense of comradeship for the department, and for the men and women in it," he wrote in his letter of resignation.

Sent through channels, Foster's resignation finally reached the desk of city manager Dan Wag-

ner. "Accepted, with regret," Wagner penned.

EVERYONE HAD FUN AT THE FOURTH birthday party of Elizabeth Jane Vail, who was a retiring hostess for her birthday fete at Edith Ritter's Kiddie Kollege recently. Lizzie as her moppet friends know her, is shown presiding at gift unwrapping at far end of the table... but flashbulbs seemed more interesting at the moment to her guests. Shown assisting with individual cupcakes is Elizabeth's mother, Mrs. Juin Vail. (Desert Sun Photo)

## Census Bureau Eyes American Recreation Habit

The second in a series of four sample surveys on the recreational activities of the American people will be conducted here starting Nov. 28, it was announced today by the Bureau of the Census, U.S. Department of Commerce.

The first survey in the series was conducted in September, with the remaining two scheduled for March and June of 1961.

The recreation surveys are being carried out locally and in 329 other areas of the country by the Census Bureau for the Outdoor Recreation Resources Review Commission, a special temporary government body established by the Congress to recommend policies and programs to meet future needs for both public and private outdoor recreation opportunities.

Members of a number of local families, selected by means of the Census Bureau's scientific sampling program, will be interviewed regarding their outdoor recreational activities.

Topics to be covered include vacation trips away from home, other trips for outdoor recreation, other recreational activities, and family ownership of recreational collected on the length of vacations, time of year vacations are taken, distances traveled, expenditures, and related items.

## '61 BEECHCRAFT PLANES IN PD EXHIBITION

First public showing of the 1961 Beechcraft line will be held at Palm Desert Airpark, Dec. 2, 3 and 4, under the sponsorship of The Norman Larson Co., Southern California Beechcraft distributor and Southland Beechcraft dealers.

Making its Pacific Coast debut will be the new five-place, 230 m.p.h. executive twin Beechcraft "Baron," powered by new 260 horsepower Continental fuel injection engines. Also on display will be the new Hiller E-4 helicopter, four-place business "air station wagon."

Palm Desert Airpark will be transformed into a simulated golf course for the three-day event. Roped "fairways" will lead to the various "greens" where the new models will be displayed.

Seaman First Class Jeff Scarberry, his wife, Mary, and their three children motored up from San Diego to eat turkey with his parents, Mr. and Mrs. John J. Scarberry. The following day Jeff, who has just completed a three month course of instruction at the U. S. Naval Storekeepers School in San Diego, was re-assigned to the USS Shields for a six month tour of duty in the Pacific.

Aletha (Terry) Burnam, who is attending high school in Pomona this year, spent the holidays at her home here, and visited with the Scarberys on Thanksgiving Day.

### Compton City Manager in Visit

By ELLEN SAUNDERS  
Mr. and Mrs. Kenneth Carr (he's the city manager of Compton) and their two sons, Ronnie and Gary, spent the past weekend here as the guests of Mr. and Mrs. Walter Munday.

The Munday's motored to Montebello for Thanksgiving to join Mrs. Munday's parents, the Fred L. Smiths in a family reunion. The family is now so large that for the past several years they have held their gathering in the American Legion Hall.

Other localities who spent the holiday away from home included Grace Parsons Harmon who enjoyed dinner at the Fireside Inn in Beaumont with a number of friends from Nuevo and Los Angeles who have celebrated the holiday together since 1937.

The Harald Arnesens celebrated the occasion at the Palm Desert home of their daughter and son-in-law, the Brad Thompsons. On hand also were the James Thompsons of Canoga Park. Mr. and Mrs. Harry Ibbettson Smith of B - Bar - H Ranch and Mrs. Smith's mother, Mrs. Hebard Anderson.

Thanksgiving for many meant dinner at home with friends and relatives. Rev. and Mrs. Archie Matson had as their guests Mrs. Matson's 92-year-old father, Rev. A. D. Wagner, and her foster brother, Albert Freeman of Temple City. Rev. Wagner, who sang a solo on Father's Day at the Community Methodist Church here is looking forward to repeating the performance next year.

Seaman First Class Jeff Scarberry, his wife, Mary, and their three children motored up from San Diego to eat turkey with his parents, Mr. and Mrs. John J. Scarberry. The following day Jeff, who has just completed a three month course of instruction at the U. S. Naval Storekeepers School in San Diego, was re-assigned to the USS Shields for a six month tour of duty in the Pacific.

Aletha (Terry) Burnam, who is attending high school in Pomona this year, spent the holidays at her home here, and visited with the Scarberys on Thanksgiving Day.

Mrs. Chester B. (Ma) Dodd

cooked a Thanksgiving feast for 18 guests including Mr. and Mrs. William Funnell of Volga, S. D., who are spending their first winter here, and Mr. and Mrs. Chester Dodd and three children of Anaheim. Mrs. Funnell is the sister of Mrs. P. R. Larson of Anaheim.

Mrs. Marie Carmin of Pasadena opened her home on Third Street, here for the holidays. Dinner guests included Mrs. Leila Rice of Riverside, Mrs. Geraldine Miller and her mother of Long Beach, and Mr. and Mrs. Al Schwartz of Desert Hot Springs.

The Ted Spellazas welcomed back their daughter and son-in-law, the John Kunkels of Reseda and their two children. Sharing the holiday dinner with them were the Charles Sakins of Palm Springs, Don and Enola Hulbert and Mr. and Mrs. Cliff Babin.

Mrs. Clara Doty's entire family motored down for the day. Major and Mrs. Robert Doty and son, Robert, arrived from Norton Air Force Base, the Mark Slaymans of San Bernardino and daughter, Ellen, were also present as well as Mrs. Doty's granddaughter and her husband, Capt. and Mrs. John Gillian of March Air Force Base.

The Hans Kleinjungs also spent the holiday at home. Their dinner guests included Mrs. Kleinjung's brother and sister-in-law, the D. Bruce Stewarts, and Mr. and Mrs. Arthur Whalen of Spokane, Wash., who arrived on Thanksgiving eve to spend the winter here.

On Saturday, the Robert Hartts, en route to their home in La Jolla following a vacation in Tucson, stopped off long enough to be the luncheon guests of the Kleinjungs at the Shadow Mountain Club. That night the Kleinjungs had as their dinner guest Mrs. Charles Meadows who had just arrived home from Berkeley where she has successfully convalesced from a recent illness.

It was a happy but quiet holiday for Cora and Doyle Moore, owners of the Moors. Mrs. Moore had just arrived home from the Parkview Hospital in Arlington where she had been confined for two weeks.

The youngest looking great grandparents seen in a long time are Rose and Nate Bertram. They attained that distinction on Thanksgiving Day with the birth of David William Saenz, son of Mr. and Mrs. Al Saenz of Arcadia. David arrived several hours earlier than the Kennedy heir, 5:30 a.m., to be exact, and weighed in at 8 pounds.

On hand to celebrate the event with the Bertrams at their lodge, the Ma-Ha-Yah, were several Angelenos — the Louis Tabaks (he's president of Tabak, Inc.), the Sydney Arkins, Dr. and Mrs. N. E. Pearl, the J. Levines, the Jack Weissmans, Sam Sirota, and the Bertram's daughter and son-in-law, Dr. and Mrs. Arthur Carmel. Also the Alan Mandels of Monrovia, Dr. and Mrs. L. M. Weissman of Pasadena, the Edward Levees of Hollywood and Jack Karen and Mrs. Minnie Karen of Beverly Hills.

Dinner at the Aaron L. Eaton home on Thanksgiving Day was a family affair. Two of Mrs. Eaton's daughters, Mrs. Roy B. Jones of Inglewood, and Miss Patricia Morrison of Santa Monica were present. Also Mrs. Jones' husband, Roy, their two sons, Ronald and Jackie, and David O'Keefe of Santa Monica.

Mrs. Pearl Hoyer of 66-088 W. Third St., fell and broke her hip on Friday night. She is now in the Riverside County Hospital in Arlington. Since she will be confined for several weeks, cards would be appreciated.

Mrs. Crittenden Adams, who spent the summer at her Cape Cod residence, has just reopened her home on 12th Street here. In January she will be joined by her sister, Lady Arthur Evans, of London, who plans to remain for several weeks.

## Greyhound Drivers Aid Stranded Family

Drama on the highway early yesterday — the helping of a family by two unnamed Greyhound bus drivers — brought about not only the grateful thanks of the stranded family but the admiration of California Division of Forestry firemen and volunteers.

Just before 5 a.m., Tuesday, a family of six returning from a trip to Texas, were traveling along Highway 60-70-99 when a low tire

started a fire in the rear of the car.

PULLING TO THE side of the road, the Albert A. Jones family of Bell, vacated the already flaming car, then stood by and watched their property destroyed.

The two Greyhound bus drivers, driving empty buses through Los Angeles, stopped and began a futile attempt to extinguish the blaze. They put the three Jones children in one of the warm buses and fought the fire until the Desert Hot Springs unit of CDF arrived on the scene.

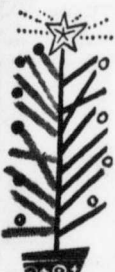

ALREADY LOSING an hour of their time at the fire, the two heroes of the highway still did not quit the job. They went ahead and obtained transportation for the family to their home in Bell.

CDF officials said that the entire rear of the car was destroyed by the fire.

**INFORMAL INSPECTION** of the Palm Springs police station was made by vacationing Gov. Albert D. Rosellini, right, who recently won reelection to Washington. Governor Rosellini, accompanied by his wife, second from right, talked with police chief August G. Kettmann, and Mrs. Bernard Poliak. Poliaks are long-time friends of Rosellinis. Governor termed Palm Springs police station facilities "one of the finest installations" he had seen. (PSPD Photo)

### Lions to Move Meeting Place

The Palm Springs Lions Club will move its meetings tomorrow from the Palm Springs Lanes back to the Starlite Room of the Chi Chi. It was announced today by President Shelby Langford.

The speaker for tomorrow's luncheon meeting will be Bill Simons, special agent in charge of the Los Angeles office of the Federal Bureau of Investigation. Tom Kieley will be chairman of the day.

### 'GONE WITH THE WIND' STILL BOSS

**NEW YORK** — Many unusual and costly motion pictures made their bow during the 1950's, but none of them pushed "Gone With the Wind" from its position as the No. 1 celluloid moneymaker.

A 1958 report by Variety, the show business newspaper, listed GWTW as the top grosser of all time, with earnings exceeding \$33,500,000. The 1939 epic will be re-issued again soon in connection with the 100th anniversary of the Civil War.

Running a close second is "The Ten Commandments," which was released in 1956 and within a year had grossed \$32,000,000. Some industry observers believe the Biblical film produced by the late Cecil B. De Mille will eventually surpass "Gone With the Wind" in earnings.

## 6 Persons Hurt In Two Weekend Auto Accidents

**BANNING** — Two dramatic traffic pile-ups Sunday afternoon on Highway 99 east of here tied up home-bound Thanksgiving vacationing traffic, but resulted in only minor injuries to six persons, Pass Memorial Hospital spokesman here told The Desert Sun.

Emergency treatment was given to Mrs. Mercedes Luna, 71, of Los Angeles, after the car in which she was riding was struck at 12:15 p.m. 2.7 miles east of Cabazon by a car driven by Wolfgang Albrecht, 40, of Los Angeles. Mrs. Evelyn Baxter, 43, of Long Beach, received minor injuries.

At 2:10 p.m., five cars telescoped together 175 feet west of Stubby Canyon Road, with no serious injuries involved, the Chp and Pass Memorial Hospital reported. The accident occurred when Donald LeRoy Greer, 46, of Long Beach, reportedly looked away from the road when cars in front of him were stopping. Included in the five-car collision was one driven by Glen Ivory Williams, 39, of Banning.

The accident clogged traffic down Highway 111, a witness reported.

## Larry Foy Returns To Dunes Thursday

By GEORGE LAINE

Tomorrow promises to be one of the truly big nights of our young season — Larry Foy is coming back to Ruby's Dunes.

If you knew the concern that had been mirrored when the news leaked around that Larry was actually very ill when he was taken to Desert Hospital about three and a half weeks ago, you'd understand the esteem in which he is held.

I BELIEVE THAT virtually every walk of life was represented in the bevy of telephone calls that threatened to jangle the phone off its hook. (The situation at home was a direct duplication of the calls that came through at the office.)

All that this means is, simply, Foy is more to musician to this community. He is also friend, neighbor and conscientious citizen. He doesn't see an evil and turn his head away from it. He attempts to remedy it.

I've spent a lot of time, a lot of column space trying to impress on this community the value of Larry Foy as a musician. I'm sure its been a waste of time. Most of this town knows it already.

INCIDENTALLY, IN order to allow Larry to continue his recuperation although returning to work, Ruby is going to keep Kenny Draper — really a fine pianist in his own right — on to work in alternation with Foy.

That'll give the Dunes an awesome one-two piano punch to go with their food and service hay-makers.

And it'll make the Dunes the continuous favorite that it has been in the past. See you there tomorrow night.

DON'T TRY TO TELL Pat O'Dea that the season hasn't started. Pat, intercepted by your reporter as he exited the Signature Room, reported that he was still tired from Saturday night when Don the Beachcomber recorded an all-time record in receipts.

Pat said the new mark beat the previous record by more than \$300!

SPEAKING OF THE Signature Room, Roy Bradley says that since Frank Day has been getting up at 5 a.m. to do the "Early Show" for KDES, "Fat Frank" has actually started to lose weight.

"Pretty soon, he'll be as slim as me," said Roy. (What you don't realize, Bradley, is that Frank Day losing 10 pounds is like taking a quart of water out of the Salton Sea. No one knows it's gone.)

THE NATIONAL SCENE: President-elect Kennedy may do his press conferences live on network TV, according to his press secretary, Pierre Salinger. (Eventually, I suppose, we could have our president's elected not by the electoral college, but by the Nielsen ratings.)

Speaking of Kennedy, the most tragic sight around our town is Republicans scraping the Nixon-Lodge stickers off their bumpers.

Harvard students picketed the showing of the controversial film of riots that marred the House Un-American Activities Committee hearings in San Francisco in May. The "liberals" asked the college's president to label the film "propaganda." (Aren't all movies?)

Lastly, Spain's bullfight aficionados are up in arms over Ernest Hemingway's crack about Manolete using "cheap tricks" to fool an "ignorant public." One critic wants Hemingway whistled out of the bullfight stadium next time he shows up.

THE AFTERMATH OF that accident in which the Carolyn Jones-Aaron Spelling Caddy was whacked from behind is that Carolyn will probably miss out on a Revue

LARRY FOY

TV shot she'd been slated to do.

Worse—for the Spellings — was the fact that they missed a chance to spend an entire weekend at their Whispering Waters Hotel over in Rancho Mirage.

The incident did have at least one humorous facet. Carolyn, who has been having massage daily for injuries suffered in the fray, received a call yesterday from the masseuse:

"I can't make it today," said the muscle-toner. "I pulled a ligament or something."

NOTES OFF THE CUFF: Hurry up and get well, Mario — the Guadalajara Boys need you and the Howard Manor fans miss you terribly . . .

Remember Mitch's Steak House? He's back in town — and looking for new diggings . . . His place used to be one of the best . . .

Jeff Wade, a Palm Springs High School student who figures prominently in "Death Takes a Holiday," the play slated for Dec. 10 presentation at the school, was amazed to see himself identified as Jeff York in a photo caption in Monday's Sun . . . Sorry, Jeff . . .

Joan Wilcoxson, who is probably one of the most arresting speakers in our town, will narrate her own slides of "Spain, Land of Contradictions," in Desert Museum at 8 p.m., Saturday . . . Joanne previewed this thing for a group over at Dave and Ida Itkin's house about a month ago and it was spectacular . . .

CHEF LAMBIDES, one of a handful of members of La Toque Noire — the "Black Hat" — emblematic of distinguished culinary accomplishments, will be in charge of the kitchens in the new Sans Gene in Indio. A board member of the Chefs de Cuisine Association, Lambides has been chef for the Beverly Wilshire, Beverly Hills and Hollywood Roosevelt hotels. The Sans Gene is scheduled to open next week.

## Camera Club To Eye Indoor Photography

Special Service Scheduled for Meeting Friday

"Adventures in Indoor Photography," an Eastman service, will highlight the program of the Palm Springs Camera Club at its regular meeting at 8 p.m., Friday.

The club meets in the club room of the Security First National Bank at Ramon Road, according to Mrs. Chester Madison, chairman.

BY ILLUSTRATING the best ways to use flash, flood, and available light, and by suggesting some unusual indoor picture possibilities, this program shows the amateur how to make picture taking a new adventure even when he thought he had exhausted the possibilities of his own camera experiences.

How to use such techniques as reflectorless flash, bounce flash, extension flash, and flash on camera in such situations as museums, the circus, night clubs, shows and sporting events and even abstract designs and table tops are a part of this instruction program.

MRS. L. D. OWENS, chairman, urged members to bring their four portrait slides soon after 7:30 for processing for the regular club contest due at this time. Pictures must have been made during the past 12 months. The committee will use the PSA judging service for this special contest.

Club membership is open to all color photographers of the area and visitors are welcome to meet the members on regular meeting nights which are the first and third Fridays at 8 p.m.

DISCUSSION FLOWS EASILY under the direction of lecturer John Robert Clarke, shown here conducting the circle of Palm Springs attendees at a recent session of Clarke's "Adventures in Living" series in the Palm Springs Biltmore Hotel. The group, which meets at 8 p. m., each Thursday, will hear Clarke discuss French Premier Charles De Gaulle tomorrow night. (Desert Sun Photo)

## DE GAULLE TOPIC OF CLARKE'S TALK

"The Different Eyes of Charles de Gaulle," sixth in the current series of Adventures in Living Association talks and discussions with author-philosopher John Robert Clarke, will be presented at 8 p.m., tomorrow, at the Palm Springs Biltmore Hotel, it was announced.

Reviewing the life and dissident ideas of France's oft-spotlighted leader, Clarke will consider to what extent De Gaulle's way of thinking may hold value for Americans.

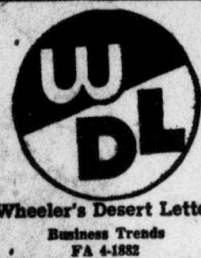

CLARKE POINTED out, in advance of his lecture, that the seldom understood but greatly acclaimed Charles de Gaulle has his own special world and private laughter.

"De Gaulle cannot be judged," said Clarke, "by purely American attitudes and associations. The doors of his own life must be opened a little before we can profitably picture this most remarkable philosopher — in action on the stage of today's France."

NOW IN HIS EIGHTEENTH series of public forums in the southland, Clarke is also author of "The Importance of Being Imperfect" to be released in New York by David McKay on Feb. 3. Remainder of his current schedule of talks will be "The Psychic Wardrobe of Salvador Dali," Dec. 8; and "The Art of Enjoyment in a Space-Age," on Dec. 15. Reservations may be taken at

Plays Become Films  
HOLLYWOOD — M — Warner Brothers reports it will film two top Broadway plays, "The Music Man" and "Gypsy." "The Music Man" will be produced by Morte DeCosta, and "Gypsy" — the story of Gypsy Rose Lee — will be produced by David Merrick and Leland Hayward.

### Warriors Defeat Lakers, 122-121

PHILADELPHIA — The Los Angeles Lakers will play its 12th game in 13 nights tonight against the Philadelphia Warriors in the second game of a National Basketball Association twin bill.

The Lakers lost to the Warriors Tuesday night 122-121 in New York City. Wilt Chamberlain, the giant Warrior center, scored 44 points, the third straight night he's made more than 40 against Los Angeles.

The Lakers' Elgin Baylor did not play because of a cold.

The tournament, slated for tomorrow and Friday, covers 36 holes of medal play, 18 each day.

Among the top flight Southern California women golfers who have accepted invitations to participate are low - handicappers Ruth McCullah, of Riviera Country Club, three times state champion and holder of many other titles; Marge Kanrich of Tamarisk CC.; Mrs. George Keifer of Hillcrest CC.; Mrs. William Millar and Mrs. Paul Gardner of Los Angeles CC.; Mrs. William Atkins of El Camino CC and several others.

Members of Bermuda Dunes Country Club will fill out the field.

Mrs. William Berkman is president of the Auxiliary and said that prizes for low gross and low net will be awarded in the three flights of the tournament.

Suzie Winston is trophy chairman and the prizes will be awarded at the end of the tournament Friday afternoon.

Today at Bermuda Dunes, in anticipation of the first annual invitational, a Special Events day is being staged.

### Fullmer Hoping For KO but Will Settle for Nod

LOS ANGELES — The heart says "yes"; but the head says "no" as Gene Fullmer, co-holder of the middleweight crown, tapers off training today for his third title fight with Sugar Ray Robinson at the Los Angeles Sports Arena Saturday night.

"I just crave a knockout over him," said the bull-shoofered NBA champion, who finished his sparring sessions Tuesday at the Olympic Auditorium. "I owe Robinson a quick kayo message."

It seems Sugar Ray is the only boxer Gene ever thoroughly disliked, as well as the only one who ever belted Gene out.

"I know I can win the decision over him," explained the co-champion from West Jordan, Utah, at a suburban motel here.

"I did it in our first fight in January, 1957. I've improved a lot since then. And I'm 29 now, right at my peak. Robinson's at least 39 and everything indicates he's slipped a lot."

### Palmer in Action In Florida Event

WEST PALM BEACH, Fla. — An 18-hole pro-am round was scheduled today as a warmup for the \$15,000 West Palm Beach Open golf tournament Thursday.

Top pro in the pro-am event will receive \$3,000.

A field of 150, including Arnold Palmer, will compete in the tournament which runs through Sunday.

### CARDS SIGN FRITSCH

ST. LOUIS — Center Ernie Fritsch, who was in the spring training camp of the St. Louis Cardinals, was signed by the injury-riddled Cards of the National Football League on Tuesday.

BOB ROSBURG, left, is congratulated by actor Phil Harris, center, for his victory in the Bermuda Dunes Country Club Pro-Amateur last weekend. Ed Vines, Bermuda Dunes pro, right, was in charge of the event which Rosburg won by a stroke in the pro division of the event. (Gayle Studio Photo)

## Accord Nearer in AL Plan For Ten Teams in 1961

NEW YORK — U — Commissioner Ford Frick and league presidents Warren Giles and Joe Cronin meet in an atmosphere of hope today to try to clean up the mess of baseball's expansion problems.

The odds are that the "big three" will agree on a formula but the hitch is that their decisions will have to be returned for action by the two major leagues at their annual meeting in St. Louis beginning next Monday.

"I think we're nearing an accord on a package we can take back to the major league meetings that'll be the rule of procedure not only for 1961 and 1962 but for years to come," said Frick, sounding the optimistic keynote. "These people are now getting serious and I think we can make some important decisions."

The American League schedule with a nine-team National League — apparently is dead. It was killed off, insiders say, by the refusal of National League owners to follow Giles' plan.

The American League said refusal by the NL of the inter-league nine - team concept would mean they will charge ahead toward operating with a 10 - team circuit in 1961 while the NL waits until 1962 to add New York and Houston.

Still to be worked out, however, is how the American League can move into Los Angeles to round out its 10-team circuit without obtaining the unanimous approval of National League owners. This unanimous approval is required according to rule one-C of the major league agreement.

### Bellino Top Man In UPI Choice of All-Americans

NEW YORK — U — United Press International today presents the finest 11 collegiate football players in the land, its 1960 All-America team.

Chosen by the ballots of a record number of 402 sports writers and broadcasters from all parts of the nation, these are the players selected as the best at their positions this season:

Ends: Mike Ditka, Pittsburgh, and Dan Larose, Missouri.

Tackles: Bob Lilly, Texas Christian, and Ken Rice, Auburn.

Guards: Tom Brown, Minnesota, and Joe Romig, Colorado.

Center: E. J. Holub, Texas Tech.

Quarterback: Jake Gibbs, Mississippi.

Halfbacks: Joe Bellino, Navy, and Ernie Davis, Syracuse.

Fullback: Bob Ferguson, Ohio State.

Bellino and Brown are the big guns on the mythical eleven, the answer to any football coach's dream. The Navy halfback received a total of 4,010 votes to lead the balloting in the annual UPI poll, which this year set a record for the number of participants. The previous highest number of voters was 354 last year.

### Kilmer Leads Big Five Stats with Game to Go

SAN FRANCISCO — U — Billy Kilmer, second-team All American halfback, dominates official Big Five individual statistics released today.

What makes the UCLA tailback's performance more amazing is that he has one game to play, while his competitors in the various departments are finished for the year. UCLA meets Duke this Saturday.

Kilmer has rushed for 656 yards to lead Stanford's Gil Dowd and Washington's Charlie Mitchell who gained 476 and 440 respectively. Kilmer's total offense is 1,689 yards to far outdistance Stanford's Dick Norman, who compiled 1,008 yards.

Norman leads in passing with 95 completions for 1,037 yards. Kilmer has completed 61 for 1,033 yards.

Washington's George Fleming scored 65 points to lead the scorers, while Stanford's Skip Face was fourth in rushing, second in scoring and tops in pass receptions with 28 for 271 yards. Teammate Mac Wylie hauled down 25 passes for 377 yards.

The classic triple-threat can pass, run and kick and Kilmer is no exception. The UCLA flash leads the punters with a 42.3 average on 32 boots.

## HERE! THE TRUCKS THAT RIDE SMOOTHER, WORK HARDER, LAST LONGER!

Just a year ago, Chevy came up with independent front suspension and has already put some 300,000 Chevrolet trucks with it out on jobs.

The ride that results from Chevy's suspension design is making life a lot easier for drivers. (Just ask them.) It's taking better care of loads, the fragile kind that cost somebody money if they are bounced around. Chevy's ride also enables truck owners to revise their buying habits and work their trucks longer before they trade. This follows naturally. The trucks take less of a beating. There's less stress on sheet metal. Less abuse to tires. Less pounding that wears out parts before their time. The upshot of it is, you either save money or earn more of it or both. And you couldn't ask a truck to do more than that. See your dealer.

### Pathfinders Engage in Child Welfare Projects

Pathfinders, meeting at Thunderbird Monday morning, learned that their Saks Fifth Avenue - sponsored fashion show luncheon on the 19th, had netted around \$1400, and immediately made plans for expending the money locally for child welfare.

Christmas plans include sending two trees, complete with decorations, to Boystown of the Desert. Mrs. Norman Waters is in charge of this project, which will also include games for the recreation room at Boystown. In addition, Pathfinders is lending financial assistance to Welfare & Friendly Aid's Christmas Eve baskets of toys and groceries, with their donation specifically earmarked for "toys for children."

Reporting on the Pathfinders' project in connection with Palm Springs Boys' Club, Mrs. Walter Brunmark said that the basketball court has been re-surfaced. Through the generosity of the Brunmarks, the Pathfinders are also donating needed boxing gloves and helmets to the Boys' Club.

The board decided to send a mentally retarded boy from this area to the summer camp which the Foundation for Mentally Retarded Children maintains at Idyllwild, and a boy was selected.

A major change was made in Pathfinders by-laws to include associate members and all Sponsor members will automatically be included in this group. A tea honoring them will be held at the home of Mrs. Earl Henderson, early in January.

Mrs. John Dawson distributed buttons and badges for the U.S. National Open Senior Golf Tournament to be held at Eldorado, Bermuda Dunes and LaQuinta Country Clubs from December 6-11. Pathfinders is selling the gallery tickets and programs and furnishing inter-course transportation for this event.

Mrs. Dawson also announced that a fashion show luncheon will be held at La Quinta Hotel on December 8, to which wives of tournament players will be invited. It is being staged by Lillian Agar and Mike Anthony and will be open to the public. A percentage of the profits will be allocated to Pathfinders.

Mrs. S. P. Manasse, Pathfinders president, conducted the meeting, which was attended by the following board members Mmes. Walter Braunschweiger, Earl Buckingham, John Dawson, Joseph Froggatt, George Gannon, Earl Henderson, Victor Hugo-Vidal, Dolph Obergef, George Robertson, Walter Sibbert, Norman Waters.

### Initiate Big Sisters on Palm Springs H.S. Campus

To welcome new students to the campus of the Palm Springs High School, a Big Sisters' program has recently been initiated. Under the leadership of Mrs. Dorothy Park, High School nurse, girls are chosen to assist in orienting the new students to campus locations, customs, rules and functions. As the desert climate brings new people to the area during most of the months of the school year, the Big Sisters will be active from fall until springtime.

Some of the duties of the Big Sister are - to escort new persons to classes, make sure they have someone with whom they may eat lunch, explain the student store and its functions, explain the physical education program and inform them where to purchase

gym clothing, indicate location of restrooms, explain the school boundaries at noon, and introduce them to their teachers. Less tangible, but equally important, Big Sisters show friendliness and a desire to make the novice feel a part of his new surroundings.

Faculty members point out that as the campus continues to grow and the enrollment climbs, an orientation program becomes more and more essential.

## Community Chest Deserves Aid

Within a few days many of you will receive a letter, an important letter requesting your aid and cooperation in the 1960-61 Community Chest drive. Too many of you will put the letter to one side for future reference and, after having pigeon-holed it, forget all about it. This letter deserves your attention. It is not "junk mail" and merits prompt and thoughtful action.

Then, shortly after the turn of the year, an army of volunteers, your neighbors and people you know, will trudge from house to house, from store to store, seeking pledges and money for the chest. These people are working in a cause, the worthiness of which no one can honestly deny.

These people, too deserve your courteous attention. Working without pay and prompted by civic spirit they merit a better reception than is sometimes given. They have a large territory to cover and have not the time to listen to arguments or worn-out facetious remarks such as "In my fix I should be getting something instead of giving."

Everyone should know about the Commu-

ity Chest, how it functions, what it does. These facts have been printed and explained over the air, hundreds of times. The money collected is distributed locally to local institutions, institutions which have no other source of income but do a tremendous job. It goes to groups which care for those in need, to groups providing healthy activity for your youngsters, stifling any possibility for juvenile delinquency. It goes to carefully selected agencies working for the betterment of your community.

The Community Chest originated with the idea of wrapping up many drives in one, cutting collection costs with a combined office staff and saving you many trips to answer the doorbell.

For that reason, those able to give should do so gladly and generously. And those able to give but a little or nothing at all, should remember that the campaigner is giving his or her time without recompense—and probably has given generously in cash, too—and treat them courteously. Politeness doesn't cost anything.

## Reading and Heeding the Mail

WASHINGTON, D. C. — Senator Lyndon Johnson, a good listener, has a motto in his office which points out that you never learn anything while talking — and vice versa. The columnist's equivalent to listening is to read and heed his fan mail, like this:

From H. R. D. Louisiana: You say that my "Dear Jack" letter, written to congratulate Senator Kennedy and to wish him well was "moving... forthright... this perfect gem of journalism." Well, thanks, and quite a few readers were equally kind, but a columnist who reads all his mail isn't likely to suffer from swollen vanity.

M. B. IN MASSACHUSETTS says of the same column that it was "unthinking and quite insulting" in its lack of respect for "that 50.2 per cent of this country's voters who supported Kennedy."

An anonymous writer from Ohio says he's read my pieces "religiously and enjoyed most of them" — up till now. For congratulating the Senator and analyzing his victory I am "as

low as a rattlesnake and more vicious" — and never will this correspondent read anything I write again.

THEN THERE'S J. K. B. of Louisiana who finds it "despicable, sour grapes and un-American" of me — "What are you, one of those bigots who are tools of the Communists?" — to felicitate the new President in the way I did. Well, it's differences of opinion that make horse-racing and politics.

From Ed Simmons of the New Bedford (Mass.) Standard-Times: You say that my column in support of the Electoral College doesn't make the "all-important distinction between the Electoral College and the electoral vote." Well, I guess you're right. In your opinion we should abolish the college but preserve the system. The electors who make up the college could be bribed or otherwise pressured to falsify the results of the State elections. You say, "Electoral votes should be inanimate credits, and not people."

YES, YOU'VE GOT something there. Since electors are no long-

er trusted to chose the best man for President, there seems little point in using them as a mere transmission line—subject to human frailty — to record the will of the people in the States.

Another reader, J. H. W. of the District of Columbia, thinks I missed another point. He says that if we would change the electoral system to represent Congressional Districts instead of States, we would change — and improve — both candidates and campaigning.

NO PARTY WOULD nominate a man to carry Pennsylvania or California, but rather to carry the counties of Somerset and Franklin, El Dorado and Plumas; the cities of Lancaster, Santa Barbara, Pittsburgh and Sacramento. The emphasis being on localities, and giving weight to each locality, might bring us a better American product out of the Conventions and into the White House.

Maybe so; anyhow, those are things I hadn't thought about before — but will from now on. —Holmes Alexander

## Anti-Castro Political Mish-Mash

NEW YORK — A Cuban intellectual who knows the festering situation of the island, and the forces trying to do something about it, pointedly assures us:

"Six months ago, if there had been a true provocation and the U.S. had sent in troops, you could have chased Fidel's crazy-quilt army with a couple of companies of Marines. Six months from now, if you have to go in, you'll need tactical A-bombs and many more men. That's how fast the Russians are arming that fellow."

WE SAID WE doubted if this country would ever attack Castro unless he sent a force against Guantanamo or hit the ships or planes supplying that U. S. Navy base.

The Cuban, whose family has been stripped of its life's possessions, sighed resignedly.

"I know," he said quietly. "But I wish there was some way in which your state department could indicate which of the Cuban exiled or underground groups is the one it prefers." We told him that probably would not happen either.

"A PITY," he said. "There are now so dam' many anti-Castro groups, working in so many different directions, each jealous of the others, and with little hope of agreeing on either a leader-in-exile or the kind of government they'd want to see succeed Castro's." Following is the anti-Castro political mish-mash, as our informant sees it:

The Democratic Revolutionary

Front whose "coordinator" is Dr. Tony Varona, former prime minister under Grau San Martin and Prio. This includes in loose federation the followers of former Capt. Manuel Artumes, a defected Fidelista who believes that "good" former Batista men should be included in the new government, if any.

ALSO JOSE Ignacio Rasco, who claims a goodly following among devout Catholic University students; Justo Carrillo, once head of Castro's state bank for industrial expansion, and Ricardo Sardinias, former top labor leader of the sugar-cane planters association. All are Miami based.

DR. CARLOS Marquez Sterling, who taught Castro in law school and is sometimes called the Father of the Cuban constitution (long discarded) is well thought of in Washington—where his father served as Ambassador a quarter of a century ago and helped to arrange the sugar subsidy which was so recently suspended.

Prio's former Minister of Health, Dr. Jose Antonio Rubio Padilla has backing among the intellectuals in exile, but ill-concealed suspicion of almost all others in the running. Castro's early prime minister, Jose Miro Cardona has his own group in Miami, haven of Cuban exiles.

CARLOS HEVIA, Annapolis graduate who would have been president and apparently a scrupulously honest one if Batista had not taken over in 1952, is considered too old and ill to

serve as a rallying point. Prio, Castro's principal bankroll in the early days of the revolution, lives in isolated splendor in Havana and on either of his two million-dollar ranches, La Chata and La Altura. None of his property has been seized.

The most intrepid of the groups seems to be the Revolutionary Movement of the People. Its leaders, by and large remain in Cuba at great risk. The head is Manolo Ray, Fidel's former Minister of Works, whose brother apparently was murdered by Fidel's men shortly after Castro took over.

CASTRO'S FORMER Minister of the Treasury, Raul Lopez Fresque, lawyer and economist, is the Miami representative of the group. Raul Chiu, a well-known figure in Cuba's stormy politics, is also a part of this group. It also claims as its own several important political prisoners now confined to Castro's jails.

This organization, according to my informant, would retain many of Castro's revolutionary changes and laws if it gains power—on the ground that Cuba needed a political, economic and social shake-up. The question of seized property would be submitted to arbitration. Other groups pledge that if they gain power the status quo of December 31, 1958, the night Batista took it on the lam, would be restored.

"It is distressing to think how much the U.S. could now do, just by lifting a finger," our Man From Havana wistfully concluded. —Bob Considine

## This Side of The Sun

By Phat

Children never think it's fair to give them something they can wear. For to the average child a gift, is something he can set adrift or shoot, or ride, or throw or shake. To scare the neighbors with or break.

Certainly, I know that's the third straight year I have used that verse by Stephen Schlitzer.

THE FIRST TIME was because I thought it told a lot in a few short lines.

The second two times were by request — from some small boys. The second request, this year, had a postscript:

"Please print it earlier, granddad," said the note with four signatures. "Last year you printed it just a week before Christmas when all of the 'cute' suits, socks, shirts and that stuff were already hidden in the clothes closet."

SO HERE IT IS with December still some hours away. It might tend to influence those who haven't made up their minds fully on what to give the little — to give their nephews and nieces and-or grand children.

One thing about it, clothing with proper care and constant admonitions, will outlast that which can be broken or taken apart to see what makes it work.

WHICH REMINDS me of two little kids engaged in that popular diversion of youth, outbragging each other.

Said the first: "Our house is bigger'n yours."

"Mine is newer," countered the second.

"My dad's richer, my mom's prettier," said the first.

SAID THE SECOND "My dad's got a bigger expense account and my mom's president of the PTA," said the second. The argument went on until the first boy said:

"Our big car is bigger'n yours."

The second boy had him there. "And our small car is smaller than yours," he shouted triumphantly.

IT HAS BEEN more than three weeks since the election but the argument is still on. One man offered to bet his friend that Kennedy will be the youngest president.

If the second man wants to be technical, he can win that bet, including his pal's flowered shirt. Kennedy is the youngest president ever ELECTED to that office.

He'll be 43 years, 7 months and 22 days old when inaugurated. Teddy Roosevelt, when inaugurated after the assassination of President McKinley, was 42 years, 10 months and 18 days of age.

By the way, Dwight D. Eisenhower, now 70, is the oldest president we ever had. That should settle all bets.

## Drivers Ride in Buses

HOLLYWOOD — Jill St. John and spouse, Lance Reventlow, entertained all the Grand Prix racing drivers at their hilltop hacienda in Bel-Air after one of the big events — and then sent all the speedsters back to their headquarters in Riverside, in Tanner motor tour buses.

Dorothy Provine maintains figures clearly show that the average woman spends 75 per cent of her time sitting down.

UNA MERKEL, that fine comedienne, thought Hollywood had forgotten her — until she played a part in a TV meller. Now Hal Wallis wants her to play Geraldine Page's mother in Summer and Smoke.

Yvonne Craig, Diane Jurgens and Toby Michael — the three finalists for the femme lead opposite Tommy Sands and Fabian in The Beach Pad — also came from TV. Producer Dick Shepherd shaved it down to this trio from a field of 58 hopefuls.

Fabian, incidentally, is the only one of the two male stars who will actually sing in this picture about teen-agers on a spree in a beach shack. And he has only one song on his schedule. Wait a minute, Sands also sings. But you won't see him doing it because he'll be singing the theme song, and strictly behind-the-scenes, on the soundtrack behind the main titles. Which leads right into a possible title change, to one of the songs written for the film: Love in a Goldfish Bowl.

WANNA SEE FRANK Sinatra and Patti Page co-starred in a special? DuPont has asked Andre Previn to compose an original musical for them.

Douglas Fairbanks Jr. joins Roy Rogers and Dale Evans in their Dec. 18 Christmas show, for which Roy and Dale will ride themselves of their usual rodeo formal and hug the family hearthside.

"THAT'S THE STORY OF MY LIFE" by box

## Dear Abby...

...by Abigail VanBuren

DEAR ABBY: Recently, while dining at the home of friends, the host said "grace." I thought it was a beautiful gesture, although we have never observed it in our home.

The next time I entertained these people at dinner, I asked this guest to say "grace." He said, "It's your home — you do it." I was so upset I could hardly eat my dinner. Should he have answered me in that way, and what should I have done?

GRACIOUS

DEAR GRACIOUS: He shouldn't have answered you in that way, and you should have made up a simple "grace." Understandably, you were caught off guard, but "We thank Thee, Lord for this food," would have saved the day.

DEAR ABBY: I am 15 years old and I need a bra, but my mother makes me wear my brother's undershirt. I am so ashamed I say I don't feel well to get out of taking gym. Now my gym teacher knows that something is wrong because I have missed so many gym classes. I can't tell her the reason I hate to take gym and my mother won't listen to me. Can you give me some advice?

sign me JUDY (not my real name)

DEAR JUDY: Tell your gym teacher the truth. I'll bet she will be more understanding and helpful than you thought she'd be. When you are honest with teachers, they can perform "miracles."

DEAR ABBY: We are the parents of four wonderful adopted children. One of the boys is part Indian. He is bright and lovable, but his skin is darker than the rest. When we take our family

places, thoughtless strangers gawk at us like we were from outer space. I don't mind that so much, but I've had people stop me in restaurants and on the street and ask, "Are they ALL adopted? Is the dark one Korean? Are they REALLY brothers and sisters? Where did you get them?"

Of course, when you adopt a child of a minority race you expect some problems, but I hope some of your readers will think twice before asking cruel questions. PROUD PARENTS

DEAR ABBY: When a 17-year-old girl goes riding with an 18-year-old boy, and he is driving the car, how close should she sit to him?

WANTING TO NOW DEAR WANTING: Close enough to talk — but not close enough to be talked about.

Getting married? For Abby's new pamphlet, "How To Have A Lovely Wedding," send 50c to ABBY, BOX 3365, Beverly Hills Calif.

For a personal reply, write to ABBY Box 3365, Beverly Hills, Calif., and include a self-addressed, stamped envelope. Abby answers ALL mail.

TREAT IT GENTLY

LONDON — A laundry reported today that one of its customers tucked this note to a clothing parcel: "Please don't beat on rocks!"

HIS READERS LIMITED

OXFORD, England — Oxford University student Lord Sudeley, 21, bought all the available copies of a short story collection here that contained one of his contributions.

"I realize now," he said, "I should have left them there for others to see and buy."

COLOR FITS MOVIE

HOLLYWOOD — Advertisers on the marquee of a local movie theater: "The Nudist Story, in Blushing Color."

CASE QUICKLY SOLVED

LONDON — Shortly after Michael Warman and two companions reported their car stolen, police stopped the vehicle with three suspicious characters inside.

"The suspects were us," said Warman. "We had found the car ourselves."

MAKES HIS POINT

MIAMI — The new car Joe Phillips bought from a local agency may have been a lemon, but a judge ordered Phillips not to let the world know about it.

The agency had complained that Phillips decorated the car with lemons and derogatory signs and parked it in front of the auto agency.

BIT TOO CHOOSY

LOUGHBOROUGH, Eng. — The headmaster at the college school here has invited parents to sample a dinner at the school because the children "have turned up their noses" at roast beef, bacon, ham, salad and carrots.

THINGS TOUGH ALL OVER

BERKHAMSTEAD, England — The defendant being tried for driving without a license said he may as well go to jail because he had 13 court orders against him, his wife was seeking a separation, and he had been given notice he was to be fired from his job.

The court agreed. Four months

## Remember When...

NOVEMBER 30, 1950

Village organizations are getting a first-hand idea of why the Palm Springs school transportation system is setting such an excellent safety record. They are riding the school buses themselves—with the kids—and watching the Junior Safety Patrol in action. The first trip was sort of an official one with Dr. A. G. Hoff, schools superintendent; Miss Katherine Finch, elementary school chief; Herbert Samson and Toby Curtis, who annually present a safety trophy, taking the ride. Lions Club members made the trip this week, with other groups to follow.

Homer Varner will be the next supervisor from the Fourth District of Riverside County, it was revealed today when County Clerk G. A. Pegueat announced the official results of the November general election. Varner received 6,303 votes, to 6,137 for Mrs. Helen Hester.

NOVEMBER 30, 1940

Because instances of hot coals in garbage have recently caused two dangerous fires in trucks of the city waste disposal department, warning was issued this week by W. L. Parkhurst, superintendent, that city employees will absolutely refuse to pick up any containers which contain hot ashes or coals.

The staff of the Desert Golf Club is at hand for the winter season: John Kline, manager; George Howard, golf pro; Larry Sitter, office, and Pat Martin, starter at first tee.

# Top Dancer Advises Keeping Busy in Life

## Resident Now at DHS

By ELLEN SAUNDERS  
Knitting needles clicked as 65-year-old Margit Tarasoff reviewed a stage career which began when she appeared with the famed Sarah Bernhardt as the little Prince in L'Aiglon.

"It was at the National Opera House in Oslo, and I was eight years old," she explained. "Both my parents were opera singers. As long as I can remember I had been a part of the theatre so it was natural when Bernhardt needed someone that they should call on me."

WHEN WORLD War I broke out, Margit Olson was a featured dancer with the National Opera Company in Oslo — the product of years of training at the Royal Theater in Copenhagen. That might have been her life but for the fact that when Ivan Tarasoff, a young Russian ballet dancer, found himself stranded in England, he caught the last boat out for Oslo where he was promptly engaged as ballet master for the opera company.

"We never did learn to speak each other's language, but we danced our way to more than 30 years of happiness," reminisced Mrs. Tarasoff. "We were engaged before he left for America. I followed a year later and we spent our honeymoon studying English."

IVAN TARASOFF became one of America's great ballet masters. Such dancers as Dorothy and Paula Stone, Mary Eaton of the Ziegfeld Follies and Adele Astaire rose to fame under his tutelage at the school he and Madame Tarasoff conducted in New York for 30 years.

As Margit Leeraas, a featured character ballet dancer, Madame Tarasoff toured the country during the early 1920's with the Boston and Chicago Opera Companies and the Adolph Bolm Intime Ballet.

"FRENCH, GERMAN, Norwegian and Spanish dancers, I played them all," she explained, "but my White Peacock dance was the one the audience loved most." This was the dance in which she appeared on Broadway at the Strand, the Rivoli and Carnegie Hall.

"And I loved every minute of it," she exclaimed, "even though it meant split second timing with sometimes only three minutes in which to change costumes between acts."

MRS. TARASOFF paused for a moment to measure the tiny suit she was knitting. "When we were on tour we traveled by train and I would knit by the hour. These suits are for dolls we are

TOP DANCER TURNS top knitter as Mrs. Margot Tarasoff prepares dolls for the Desert Hot Springs Angel View benefit bazaar Dec. 3. Dressed in festive costume of her native Norway, Mrs. Tarasoff reviewed her 50-year career as a character dancer and dance instructor across the United States. Mrs. Tarasoff arrived in this country in 1916, danced for 50 years in concerts and with such groups as Boston and Chicago Opera companies. Her husband was a renowned ballet master.

dressing for the Christmas Bazaar which the Founders Chapter of the Angel View Crippled Children's Foundation is giving Dec. 3, at 12-089 Palm Drive.

"You have to keep busy," she explained. "Up until two years ago I was teaching ballet at the Margarita Studios in San Bernardino. We came to California in 1950 when my husband became ill. Before his death we had visited the desert and found much happiness here so that it was only natural I should return. Now I spend the winters here and in the summer I visit my daughter Mrs. Matthew Burns of Covina and Mrs. Wayne D. Wright of Wellington, Nev., whose husband rode Shut-Out to victory in the Kentucky Derby in 1942."

"I DON'T SIT," continued Mrs. Tarasoff, whose vitality and youthful physical appearance belie her years. "Oh, no, always I keep moving. I do deep breathing exercises and I swim. When I was young, I was, how do you say it, a tomboy? Yes, I skied, and ice skated and cycled, and always I danced."

"To think," said a neighbor who had been kibitzing on the interview, "that you've had such a glamorous existence and now you are working as a baby sitter."

"In life," answered Margit Tarasoff, "you must do your best, hope for the best and be ready to take what comes."

## PRESS CLUB HAS SAFETY MONTH

The Desert Press Club at Palm Springs will sponsor the month of December in the Palm Springs Safety Council's cycle of safety campaigns. The 1960 theme will be "Holiday Safety."

This was announced today by the Council's president, H. A. Hart, Jr.

HART SAID, "It is indeed gratifying to the Council that this month of December will again be publicized by the men and women of the Press Club — editors and reporters who actually are the themselves busiest during December but who still find time to devote to the cause of traffic safety."

George Ringwald, president of the Desert Press Club, said: "This safety project was initiated by the Professional Committee three years ago, and has the wholehearted support of all Press Club members."

"IT MIGHT BE said," Ringwald added, "that news reporters see more of the tragedy of traffic acci-

## 400 Attend PD Chamber Homecoming

PALM DESERT — Approximately 400 persons gathered in the Shadow Mountain Club here Saturday evening for the sixth annual Chamber of Commerce Homecoming party, which featured a lavish horse - shoe buffet, wine-tasting, an hour and a half style show — and no speeches.

The party, given in honor of Chamber members and past members who return for the gala event, was a strictly social event, which also benefited the Chamber treasury through the cooperation of the Shadow Mountain Club.

Special prizes were awarded three dinner guests, and custom-made door prizes were distributed to nearly a dozen other persons.

First special prize — a 15 by 19 inch oil portrait by local artist Heiner Grimm — was awarded Lucile Armstrong. Second special prize, a pastel portrait, went to Mr. and Mrs. Leon Satterfield, and a Bavarian porcelain demitasse set, designed and hand-decorated by Grimm, was awarded Mr. and Mrs. L. G. Webster.

Opening gambit for the party was a wine - tasting party, with California wines provided by six wineries of Northern California.

## City to Study Proposal for Elevated Lines

The Palm Springs City Council withheld for study any instructions for action on a request by electrical contractor John E. Hammer for permission to use elevated electrical lines at 196 West Vereda Sur.

The council stressed it didn't want to "move backwards" but sought to prevent imposition of unequal requirements. It indicated it may study the site and other city installations within the next two weeks. Councilman Harry Paisley called for a study of new power poles in the Araby tract.
